## Services Overview

### Building Valuation Report:

A meticulous valuation report is conducted to determine the fair market value of the subject property. This comprehensive analysis includes evaluating comparable sales, income potential, replacement cost, and prevailing market trends to provide the client with an accurate assessment of the property's intrinsic worth. The valuation report serves as a fundamental tool for strategic

decision-making and investment planning, enabling the client to optimize their investment strategy and maximize returns. Compliance and Documentation:

### Market Search and Opportunity Assessment:

Our team conducts an exhaustive market search to identify comparable investment opportunities and assess prevailing market dynamics. This

entails analyzing similar properties, evaluating supply and demand trends, and identifying emerging market opportunities to provide the client with a comprehensive overview of the competitive landscape. The market search and opportunity assessment serve as invaluable tools for the client, empowering them to make well-informed investment decisions aligned with their strategic objectives.

### **Strategic Advisory for Lease Buyback and Investment:**

Our strategic advisory services encompass lease buyback strategies, investment analysis, and tailored solutions designed to optimize the client's investment. This includes evaluating existing lease agreements, conducting thorough financial analysis, and developing customized investment strategies tailored to the client's specific requirements and objectives. Our strategic advisory services aim to maximize returns, minimize risks, and enhance the overall value proposition for the client.

### **Terms Negotiations and Transaction Management:**

We oversee all aspects of terms negotiations with landlords and representatives on behalf of the client, ensuring favorable lease terms and contractual arrangements. Our transaction management team facilitates a seamless and efficient acquisition process, from due diligence to closing, while mitigating transactional risks and maximizing value for the client. Additionally, we provide ongoing support and guidance throughout the transaction lifecycle, ensuring a successful and mutually beneficial outcome for all parties involved.

### **Due Diligence and Risk Management:**

A comprehensive due diligence process is conducted to evaluate the legal, financial, and operational aspects of the subject property. This includes reviewing lease agreements, conducting property inspections, and assessing potential risks and liabilities to safeguard the client's interests. Our risk management experts identify and mitigate potential

obstacles and liabilities, ensuring a secure and profitable investment for the client. Additionally, we provide ongoing monitoring and support to address any emerging issues or challenges proactively.

### **Financial Analysis and Investment Strategy:**

We provide detailed financial analysis and investment strategy recommendations tailored to the client's specific objectives and risk profile. This includes analyzing cash flows, ROI projections, and conducting sensitivity analysis to assess investment performance under various scenarios. Our financial experts collaborate closely with the client to develop a comprehensive investment strategy aligned with their long-term financial goals and objectives. By leveraging our industry expertise and market insights, we empower clients to make informed decisions and achieve sustainable investment success.
